

LIFAir LA503V Smart Air Purifier

(with CO2 sensor)

The LA503V provide long- lasting protection for you and your family. Combine with our innovative Realtime Smart Controller and advanced cleaning technology, purifiers' high quality HEPA- filters collect particles effectively, while its massive gas adsorbent barrels adsorb harmful gases and VOCs such as formaldehyde.

Parameter	Unit	Amount
Particle CADR	m ³ /h	580
HCHO CADR	m ³ /h	280
Applied Area	m ²	42- 72
Noise	dB (A)	≤66
Power	W	60
Size	mm	Diameter 300*800
Net Weight	kg	12
Packing Size	mm	1029x 379x 395
Sensor equipped: (Monitor) TVOC, PM2.5, CO2 / (Machine) Temp, RH		

The smart air purification system automatically analyzes and controls the Indoor Air Quality. IAQ can be monitored and controlled remotely via WiFi.
